

B80 Course of trading

- 1 If we reduce or cancel a credit limit or @rating limit on a buyer, you may ask for cover to be maintained for a 3 month period following our **notification**, within the limit of the value previously available.
- 2 This maintaining of cover is available for **deliveries**, **shipments** or performance of services that you must carry out during the 3 month period following our **notification**, subject to the following conditions:

Compliance with the General Provisions of the contract, to the extent that they are not inconsistent with the provisions of this module.

- (i) You must provide evidence of your course of trading, which we define as being at least 3 **deliveries** of comparable value, invoiced to your buyer in the six months prior to our **notification**.
- (ii) On the date of **shipment**, **delivery** or performance of services, the buyer is not **insolvent** nor has any **debts** more than sixty days overdue;

You will then be covered, within the limit of the balance available on the credit limit or @ rating limit previously agreed by us, for **deliveries** of an individual value not higher than the highest outstanding balance registered in the past six months.

- 3 If requested by us, you must notify us the amounts outstanding on the buyer for **deliveries** already performed as well as the value of expected **deliveries** for the 3 month extended period of cover.
- 4 If we refuse to maintain our cover, we will cover the loss you may sustain in re-selling the goods, up to a maximum of 50% of their invoice value within the limit of the balance available on the credit limit or @ rating limit previously agreed by us, provided that the buyer is neither **insolvent** nor subject to a **notification** of **overdue account**.
