

Cause of Services Module

S1 Cofanet policy master module

Through this module the *Service entity* grants you a user licence for the Cofanet Policy Master Platform.

The full extent of services, and the conditions of use are described in the Policy master and Cash master section of the General Service Conditions.

Terms in *italics* have a value in the insurance contract and terms in **bold type-face** are defined in the Policy master and Cash master section of the General Service Conditions.

1 Effective date and term

This module will remain in force for as long as your credit insurance **contract** is in effect. You may request the removal of this module, and the associated services it provides to you by providing us with three months written notice.

2 Platform services

The **platform** is provided to you to help you to manage your **contract**.

The **platform** will assist you in the analysis of your **buyers** by providing consolidated information related to the **credit limits** granted under your **contract** and by preparing alerts to prompt you of your **notice** and reporting requirements under the **contract** and preparing your turnover declaration.

3 Special Obligations

In order for the **platform** to deliver these services, you undertake to incorporate in the **platform** the **invoices** and **data** required in the exact format as instructed in the Policy master and Cash master section of the General Service Conditions. Failure to correctly enter invoices and **data** will result in the platform services being ineffective.
